Subject: FW: PV Shelf LA Times Article

Below is the link to the LA Times article.
It is focused on Montrose's offshore (ocean dumping and PV Shelf) activities/contaminations.

<https://www.latimes.com/projects/la-coast-ddt-dumping-ground/#nt=1col-7030col1-main>

I've copied Xiao and Josh on this email so they are aware of it.
There is a Montrose hearing on Monday.
This article could be a potential problem for Josh on Monday.

The article cited Robert Eganhouse, Mark Gold, and others with the implication that EPA is taking too long to cleanup PV Shelf.

Please call/text my cell Ex. 6 Personal Privacy (PP) if you want to discuss this further.

Thank you.
